TiTAN-Ti

ABOUT

The lightweight TiTAN-Ti is a direct thread silencer for bolt-action precision rifles chambered in the powerful 338 Lapua Magnum and 300 Winchester Magnum cartridges.

**AI, Blackhills 250gr.*

- Light weight, yet incredibly tough, fully welded, two-piece construction of durable, corrosion-resistant Titanium alloy
- Patented Hyposone monolithic baffle module of the TiTAN-Ti delivers excellent sound reduction
- Helps reduce the recoil of the hard-kicking 338 Lapua Magnum
